Construction project begins April 9 on I-94 near Crystal Springs

Construction work will begin on Monday, April 9, on I-94 westbound at the Crystal Springs Interchange to the Dawson Interchange and also both the westbound and eastbound lanes at the Crystal Springs Rest Area. The project will consist of concrete pavement repair, surfacing and lighting work.

During Construction:

- Flaggers will be present to control traffic through the project
- Traffic will be reduced to one lane in the work zone
- Speeds will be reduced in the work zone to 65 mph through lane closure and to 40 mph when workers are present
- Width restriction of 14 ft. will be in place
- Oil may be present on the roadway through the construction zone

The project is expected to be complete by the end of June.

The traveling public should use caution when driving through the construction zone. Motorists should allow extra distance between their vehicles and the vehicles in front of them, use extra caution and obey flaggers and posted signs.
